The Rock Island Trail is a combination of the Rock Island Trail State Park and the Rock Island Greenway and extends for 39 miles from the town of Toulon, Illinois south to Peoria, Illinois. Named for the abandoned Rock Island Railroad Line it traces, the trail offers many natural attractions in a tree-canopied corridor that is only 50 to 100 feet wide.

Beauty and solitude, away from the hustle and bustle of city traffic, await visitors of the trail. Prairie grasses and wildflowers co-exist and wildlife abounds. The Rock Island Trail State Park office is located in the renovated Wyoming Depot and serves as a visitor center/railroad museum.

Only non-motorized traffic is allowed on the trail, and equestrian use is not permitted. Class D (primitive) camping is available at the Kickapoo Creek Recreation Area. Owners must pick up after their pets and keep them on a leash at all times.

Where the trail intersects the small towns along its route, village streets and sidewalks, with directional signs, are utilized. North-to-south biking is easier because of prevailing wind direction and a slight grade relief.

Actions by nature can result in closed sections or facilities. Remember, take only memories, leave only footprints.

The bike repair stations were provided through our generous sponsors including: Friends of the Rock Island Trail, Bike Peoria and Zeller Electric.

Additional funding was provided by a RAILS Partnership Grant. This grant is from Reaching Across Illinois Library System (RAILS) and provided through the Illinois State Library and the Secretary of State from revenue appropriated by the Illinois General Assembly or granted under the federal Library Services and Technology Act.

Bike repair stations and air pumps have been installed at the Toulon Public Library, the Lillie M. Evans Library in Princeville, the Dunlap Public Library, and the Peoria Heights Public Library. The Wyoming repair station has been installed at the Rock Island Depot.

All of the participating libraries offer:

- Free Wi-Fi
- Safe place to recharge electronic devices
- Bike repair stations
- Water fountains & public restrooms
- Climate controlled buildings
- Comfortable seating
- Free parking & bike racks
- Conveniently located on the trail
- Friendly staff to answer questions

In addition, all are members of the Resource Sharing Alliance which makes it easy for our users to search and to borrow materials from 190+ libraries in Central Illinois.
